

QUALITY POLICY

Document Ref.	ZA.IF.026	Issue	C
Issue Date	12.05.2026	Next Review	12.05.2027
Document Owner	Managing Director	Classification	Available to interested parties

Zedaxis Engineering Solutions Private Ltd. provides mechanical engineering design, CNC/VMC machining, fabrication, sheet metal work, assembly, prototyping, and on-site installation and commissioning. This policy is appropriate to the purpose and context of the business and supports its strategic direction.

Top management and all employees of Zedaxis are committed to:

- Satisfying applicable customer, statutory and regulatory requirements, and delivering conforming products and services on time.
- Providing a single source for engineering design, development and manufacture — offering simple solutions to complex problems.
- Safeguarding product safety throughout design, manufacture, installation and commissioning, and conducting our business with honesty, integrity and ethical behaviour at every level.
- Providing a work environment that promotes the wellbeing of our employees and encourages positive teamwork.
- Continually improving the suitability, adequacy and effectiveness of the Quality Management System.

Improvement is everyone's responsibility. All employees are expected to support the Quality Management System as an integral part of their daily work and to contribute to the achievement of customer satisfaction.

This Quality Policy provides the framework for establishing and reviewing measurable quality objectives. It is maintained as documented information, is communicated to, understood and applied by all employees, and is made available to relevant interested parties. It is reviewed at least annually at Management Review to confirm its continuing suitability.
